

What we offer is pretty awful. But if you really want to be alive in your future—a bit like a real animal—it is essential that you go through this. We're sorry. But we will accompany you on this journey competently, patiently, and lovingly. After all, we've seen time and time again that this deep regeneration works. We keep hearing the same phrase: “That's unbelievable!” It's true, it really is unbelievable. Welcome!
